

# technical data

		Kombi ++
<b>max. operators</b>		4
<b>recycling capacity</b>	separation capacity	up to 12 t/h abrasive
<b>dimensions, weight</b>	unit dimensions max. L x W x H: (including tilt hooks)	7800 x 2490 x 2700
	total height "ready to run" including handrails	5000 mm
	installation height	1340 mm
	deadweight	approx. 11,3 t
	capacity of abrasive storage silo	5200 liter
<b>electrical features</b>	motor capacity	85 kW
	voltage	400 V
<b>suction capacity</b>	max. underpressure	650 mbar
	air displacement at 100 mbar underpressure	3360 m <sup>3</sup> /h
<b>emissions</b>	separation efficiency	99,995
	filter grade	H13 -- gem. DIN EN 1822 - 1 H -- gem. DIN EN 60335
