

technical data

		Kombi Standard
max. operators		4
recycling capacity	separation capacity	up tp 7 t/h abrasive
dimensions, weight	unit dimensions max. L x W x H: (including tilt hooks)	7220 x 2490 x 2700
	total height "ready to run" including handrails	5000 mm
	installation height	1340 mm
	deadweight	approx. 9,5 t
	capacity of abrasive storage silo	2000 liter
electrical features	motor capacity	65 kW
	voltage	400 V
suction capacity	max. underpressure	500 mbar
	air displacement at 100 mbar underpressure	2424 m3/h
emissions	separation efficiency	99,995
	filter grade	H13 -- gem. DIN EN 1822 - 1 H -- gem. DIN EN 60335
