

technical data

		XP Air
max. operators		2
recycling capacity	separation capacity	5,5 t/h
dimensions, weight	unit dimensions max. L x W x H	1500 x 1500 x 2400 mm
	max. section weight	800 kg
	installation height	0 mm
	number of sections	8 Stk.
	capacity of abrasive storage silo	1500 l
electrical features	motor capacity	70 Kw
	voltage	400 V, 50 Hz
suction capacity	max. underpressure	500 mbar
	air displacement at 100 mbar underpressure	2000 m ³ /h
emissions	separation efficiency	>99,995%
	filter grade	H13
